## President & CEO Message

This was a big year for us at Utah Food Bank! In our continual effort to fight childhood hunger, we launched our newest program, **Mobile School Pantry**, with great success. This valuable program provides a cost-effective food distribution point for children and their families directly from their school playground. We had hoped to kick off the school year with 17 schools, but due to overwhelming corporate and community support, we hit the ground running, serving 34 schools! During the school year, we served close to 157,000 clients, 86,000 of whom were children and are proud to report we are planning another expansion for the 2016-2017 school year!

We also improved the nutritional value of the meals we offer after school at local libraries by switching from non-perishable meals to thaw-and-serve meals. For the hundreds of children who spend countless hours at the library after school while their parents are working, this provides a healthier, much-needed evening meal. On top of all this, we expanded the number of physical pantries located in schools for all ages. With all this focus on feeding Utah children facing hunger, we are truly creating a food safety net and improving the lives—and futures—of Utah's children.

As we expanded programs to meet the needs of the youngest community members in need, we also looked to provide more support to seniors. This fiscal year marked our largest monthly food box caseload increase ever, which allowed us to expand our Commodity Supplemental Food Box Program (CSFP) to Garfield County and better meet needs across the state. We hope to continue this expansion in the coming years. In addition to program expansion, Utah Food Bank continues to focus on upholding the highest standards on everything from business practices to food handling. This was confirmed by Feeding America's bi-annual audit, which we passed with flying colors! With so many moving parts to our work, the high ratings we received on this audit means a great deal to us. It takes a lot of people, equipment and processes to ensure there is a variety of foods on pantry shelves in all 29 Utah counties. It's always reassuring to hear that we are amongst the highest rated food banks in the **Feeding America** network.

The growing economy continues to change the landscape of need throughout our state. In the midst of such positive and glowing press about Utah's growing economy, it's important to keep in mind that many of these new sectors and well-paying jobs aren't improving the quality of life for Utahns in need. With your support, we pledge to not lose sight of the 417,000 Utahns, and 1 in 5 kids, who desperately need our help. Thank you for *Fighting Hunger Statewide* with us!
